Re: New Core Dental Rate Effective April 1, 2019
Employee Benefit Plans

At the December 6, 2018, Employee Benefit Plans Board of Trustees meeting, the Trustees approved a reduction to the Core Dental Rate effective April 1, 2019. **The new Core Dental rate will be \$68.75/FTE starting April 1, 2019.** This is a reduction of \$0.68/FTE from the current rate of \$69.43.

The Core Dental rate is reviewed annually by the Employee Benefit Plans Board of Trustees. The reduction to the rate is the result of better than expected claims experience.

Updated remittance forms will be available on the 3sHealth website on April 1, 2019.
