Director, Employee Benefits**

Re: Travel to Cuba

Attached you will find a GroupLine publication on travel to Cuba published by our insurer Great-West Life. The document outlines a new requirement the Cuban Government has for ensuring that visitors to Cuba are properly insured for medical emergencies.

If you would like a PDF copy to send to your employees, please email us at ebp@saho.org and we will have a copy sent to you. A PDF is also available on the SAHO web site at www.saho.org:

1. Click on Employee Benefits (bottom of the page)
2. Click on Directives
3. Under the 2010 May section click on “**10-09 CUBA.pdf**” to open the document for printing

Our fall newsletter, that goes to all employees covered under the SAHO Plans, will include an article about this change.
