**Re: Incorrect Data Displayed in Rehab Field Located in iHRIS Disability Claims Tab**

---

As an enhancement in the iHRIS V1.4 release November 8, 2012 the following fields were added to the Disability Claims Tab located in the Person Manager:

- Employer Number, Claim ID, Disabled Date and Disabled End Date (originally displayed)
- Last Day ER Paid
- Claim Type
- Claims Status Code
- Claim Status
- Rehab
- Approved To Date
- Bridge Max Pay Date
- Pay Generated Until Date
- Change of Definition Date

We have recently identified the Rehab field in the Disability Claims tab was displaying incorrect data. The Disability Upload was pulling data for this field from the Recurrent field in the 3sHealth Disability System and not the Rehab field.

We have corrected the Disability Upload that updates the Disability Claims tab in iHRIS to ensure on a go forward basis the Rehab field will pull from the 3sHealth Disability System 'Rehab' field. We have also updated all Rehab fields so that they now display with either: None, Integrated or Supernumerary to match the 3sHealth Disability System.

We apologize for any confusion this may have caused.

If you have questions, please send an email to [EBP@3sHealth.ca](mailto:EBP@3sHealth.ca). You may also contact a 3sHealth Benefit Services Officer by telephone at 1-866-278-2301.

Yours truly,
