**Re: NEW! Enhancement to the Extended Health Care Plan Effective June 1, 2020**

---

Effective June 1, 2020, the Board of Trustees approved an increase to the psychology/social work combined benefits maximum under the Extended Health Care Plan.

The coverage for psychology/social work will increase from a combined maximum of \$1,000 per insured person per calendar year to a combined maximum of \$2,000 per insured person per calendar year.

The extended health care booklets will be updated to reflect this change and will be available on the 3sHealth website. In addition, a story about the increase to the annual maximum for psychology/social work services will be in the spring newsletter, which will be mailed to all plan members on June 1, 2020.

A poster to share this information with your employees is enclosed.

If you have any questions regarding the increase to the psychology/social work combined maximum, please contact Lorne Shiplack at [lorne.shiplack@3shealth.ca](mailto:lorne.shiplack@3shealth.ca) or 306.347.5528

# Coverage for mental health services doubles

Plan members will receive more coverage for mental health services. The annual maximum reimbursement amount for psychology/social work is increasing.

Effective June 1, 2020, the psychology/social work coverage is increasing to a combined maximum of \$2,000 per insured person per calendar year. This is an enhancement to the current \$1,000 annual maximum.

To access this coverage, plan members don't need to do anything differently; the regular claims submission process applies.
